On a very light note.....

A Texan farmer goes to Australia for a vacation. There he meets an Aussie farmer, and they start talking. The Aussie shows off his big wheat field, and the Texan says: "Oh, we have wheat fields at least twice as large!" They walk around the ranch a little, and the Aussie shows off his herd of cattle. The Texan immediately says: "We have longhorns that are at least twice as large as your cows!" The conversation has almost died when the Texan sees a herd of kangaroos hopping through the field. "What are those?" he asks. The Aussie replies with an incredulous look: "Don't you have any grasshoppers in Texas?"
